User journey by the Design Team of Accenture Interactive NL

Creating a user journey is a quick way to help you and your team gain a deeper understanding of who you're designing for, aka the stakeholder in your project. The information you add here should be representative of the observations and research you've done about your users. \wp

1 Phases High-level steps your user needs to accomplish from start to finish	INSTALLATION PHASE	TRACKING PHASE	MONITORING PHASE	NOTIFICATION PHASE
2 Steps Detailed actions your user has to perform	Start the device	Enable the GPS/Bluetooth	To Check Health condition	Check the Notification
3 Feelings What your user might be thinking and feeling at the moment	If this possible or not	Is this possible in all areas	Monitor is possible in all time	Is this receive a notification at any time
			Is this	Does not receive a
